**Employee Immunization Policy**

Cuddly Kids Hourly/Weekly Care has implemented the following immunization policy for all of its employees to be in compliance with the Texas Department of Family and Protective Service. Minimum Standard Rule #746.3611, which requires a policy for protecting children from vaccine-preventable diseases. While the safety of our employees and the children in our care is paramount, we have elected to make immunizations for vaccine-preventable disease optional to employees.

Vaccines that we currently recommend our employees receive:

- Influenza (annually)
- Pertussis (Tdap)

If an employee is not exempt from having these immunizations, Cuddly Kids Hourly/Weekly Care recommends that employees consider these immunizations. The employee will indicate below if there are any exemptions that would prevent them from receiving an immunization for a vaccine-preventable disease.

If the employee decides that the immunizations are appropriate and beneficial to their health and well-being, and receives the immunizations, they are asked to provide the Center Director with documentation.
that the immunizations have been received. Cuddly Kids Hourly/Weekly Care will encourage the use of protective medical equipment to protect employees and children in care from exposure to possible disease. Employees should not be in direct contact when they are ill or exhibiting signs of illness. Cuddly Kids hourly/Weekly Care will monitor information provided to the public through the CDC and/or other sources to determine the level of risk the employee presents. There will be no discrimination or retaliatory action against any employee who does not receive immunizations for vaccine-preventable illness.

All employees will be required to sign this policy and the signed policy will be retained on file. The information related to whether or not an employee chooses to have immunizations for vaccine-preventable diseases will be kept confidential. Failure to sign this policy will result in the employee not being able to work directly with children.

Custody Issues In the case of dual family relationships, Cuddly Kids Hourly/Weekly Care requires a certified copy of the current custody order. This information is kept strictly confidential. If custodial conflict of any kind exists, please ensure that the Cuddly Kids Director has been provided with copies of any pertinent legal documentation, i.e., a restraining order. The most current documentation on file will be followed. The individuals designated by the custodial parent to pick up his/her child in case of any emergency will be the only people the child will be released to under any circumstance. These designated individuals must produce a photo driver’s license, which must correspond with the driver’s license number noted for emergency contact.

The following conditions are causes for exclusion from the Center:

**Fever over 100 degrees**
1. Children should stay at home at least 24 hours after a normal temperature is achieved WITHOUT the help of fever-reducing medications. For example, if your child goes home on Monday with a fever, they may come back to the Center on Wednesday, if their temperature was normal on Tuesday. The 24-hour waiting period allows your child's immune system to regain strength.

**Fever over 99 degrees with a stiff neck or back**
2. Children may return only with a doctor's written permission. Diarrhea (watery, bad-smelling stools more than once in succession). Children may return when normal function returns.

**Vomiting:** two or more episodes in the last 24 hours). Children may return when they can retain a light meal.

**Persistent hacking or congested cough with sore throat** (very red or blistered throat). Children may return with doctor's written permission.

**Green nasal discharge** (indicated a respiratory infection which requires treatment). Children may return with doctor's written permission.

**Difficulty in breathing** to the point where child is very uncomfortable or unable to sleep normally. Convulsions. Persistent pain in abdomen

All parents will be held responsible for any damages caused by children at the center.

**Non-Hiring Of Center Staff:** In order to maintain the Center’s confidentiality and professionalism, persons employed as staff at or by the Center are prohibited from contracting, soliciting or engaging in temporary employment as a caregiver or babysitter for any parent/guardian who has a child enrolled at the Center.

**Personal Toys:** We ask that you leave your child’s toys at home. If brought, we cannot be responsible for lost or broken toys.

**Suspension and Expulsion of Children: 746.501 (8)**
Unfortunately there are sometimes reasons we have to suspend or expel a child from our program either on a short term or permanent basis. We want you to know we will do everything possible to
work with the family of the child/children in order to prevent this policy from being enforced. In the event of a possible suspension or expulsion, the day care director makes the decision. Parents who wish to appeal the suspension and expulsion may appeal to the center's Director.

**Sunscreen & Insect Repellent: 746.501 (18)**

Our center does not furnish or apply sunscreen or insect repellent. (please see Medication)

**Visits To The Center: 746.501 (20)**

Parents are welcome to visit the Center at any time. No prior scheduling is necessary, but parents should check in at the main welcome center desk. You will be required to sign in and get a “Visitor’s” name tag to be worn while at the center. We invite parents to come have lunch with their child.

**Shoe-Free Policy**

With infants commonly on the floor, Pines will provide a clean, safe and healthy environment in the Infant classroom. We practice a “shoe-free” policy in this room. ALL persons entering this environment must slip a pair of shoe covers over their shoes, or remove their shoes entirely. We take this action to prevent outside contaminants from being brought into the classroom. Infants spend much of their time exploring on the floor. Any person walking beyond the “parent bench” area must wear shoe covers to keep their area as clean as possible.

**Safe Sleep for infants 12 months old and younger 746.501 (9)**

Infants nap according to their own schedules. If an infant should fall asleep while being rocked, lightly bounced, they will be put in their play pen to continue their sleep. Infants arriving to the center sleeping in their car seat will be removed and placed in their designated play pen. Infants will be placed on their backs to sleep. Infants are provided a firm, tight-fitting mattress in their play pen that meets current safety standards. There will be no pillows, bumpers, blankets, comforters, sheepskins, stuffed toys or other fluffy products placed in the bed with the infant. Children never share a bed at the same time.

The above practices are supported by the U.S. Consumer Product Safety Commission, the American Academy of Pediatrics, and the National Institute of Child Health and Human Development. These practices are required by the TDFPS licensing standards. We understand that routines may be different at home and that some children have unique situations (e.g., twins who may sleep together in the same bed). However, we must follow licensing guidelines and adhere to the above stated policies. It may or may not be difficult for some children to adjust if they are used to sleeping in a different position or with a parent/sibling.
